LIST OF REVOLUTIONARY PENSIONERS.

CONNECTICUT.

[No general pension laws were passed by Congress until March 18, 1818, when it was provided that survivors of the Revolutionary War, who had served for nine months or more in the Continental army or navy, could, under the conditions of the act, become pensioners of the Government. Prior to that date relief had been given only to those who had been disabled in the service, or to their widows and children. The following list represents the Connecticut pensioners of 1818, as published in Pub. Docs., 1st Session, 16th Congress. Where the name of another State is given, it is to be understood that the pensioner enlisted from Connecticut into the service of that State; or, in a few cases, that the pensioner came from the State indicated, but was residing in Conn. in 1818. Other lists follow arranged under later acts of Congress.]

BOSTON PUBLIC LIBRARY

FIRST COMPANY GOVERNOR'S FOOT GUARDS. —— In the Lexington Alarm List, under town of New Haven, pp. 17, 18, a list is given of the *Second* Company Governor's Foot Guards, organized in 1775. The *First* Company was organized in Hartford in 1771, a brief history of which appears in the "Memorial History of Hartford County." In regard to its Revolutionary service the Conn. *Courant* for Aug. 2, 1831, says: In the Burgoyne alarm "the Foot Guards under Judge Bull [Jonathan Bull], although specially exempted by their charter from being drafted, *unanimously volunteered*, and marched to the assistance of their brethren at Saratoga. Although they were not so fortunate as to reach the scene of action in time to participate in the taking of Burgoyne, yet the patriotism and courage they evinced on this occasion, form an honorable distinction in their history. It was while marching across Rhinebeck Flats, as an advanced guard to the troops who were hastening towards Saratoga, that they met the express conveying the thrilling tidings of Burgoyne's surrender."
